

William L. Bennett

(949) 683-2483 | lafebenn@byu.edu | linkedin.com/in/willbennettbyu | github.com/lafebenn | willbennett.org

BYU Information Systems student (expected April 2027) targeting consulting and product management roles. Spent summer 2026 as a SAM and ITAM consultant at Anglepoint, supporting Fortune 500 clients across seven publisher licensing environments in ServiceNow SAM Pro, Flexera One, and ROAR methodology. Former CTO of a 10,000-user platform and co-author of an Academy of Management Perspectives paper in progress.

EDUCATION

Brigham Young University — Marriott School of Business
B.S. Information Systems, Minor in Healthcare Leadership | GPA 3.9 / 4.0, Dean's List

- **Awards:** 4th Place Overall, INTEX Case Competition (KPMG sponsored)
- **Leadership:** VP, AI for IS Club | Marriott Research Fellow | Member, Association of Information Systems

Expected Apr 2027

PROFESSIONAL EXPERIENCE

Service Delivery Consultant
Anglepoint — Lindon, UT

- Supported 6+ Fortune 500 SAM and ITAM engagements, running ELP analysis and entitlement reconciliation across Microsoft M365/EA, Oracle ULA, IBM PVU/RVU, Salesforce, VMware, Quest and OpenText in ServiceNow SAM Pro and Flexera One.
- Applied ROAR methodology to ROI-focused client deliverables, contributing to ~\$2M in identified licensing exposure across active engagements.
- Built a Python and Streamlit pipeline that cut ROAR and ELP document analysis from 10 hours to under 5 minutes per engagement — a 120x speedup — and presented it to firm leadership.

Jun 2026 – Aug 2026

Research Associate
Romney Institute of Public Service and Ethics, BYU — Provo, UT

- Built a Python NLP pipeline scoring 295+ U.S. presidential addresses against constitutional leadership values using vectorized embeddings; outputs feed a co-authored Academy of Management Perspectives paper in progress.
- Ran statistical modeling and data analysis across 3+ MPA faculty research projects and presented findings directly to faculty.

Jan 2026 – Present

Research Assistant, HCI and Mixed Reality
BYU Marriott School of Business — Provo, UT

- Engineered AR tools in Unity and the XREAL SDK merging 3D-printed models with scalable digital environments for HCI research under Prof. James Gaskin, supporting 2+ AI-adoption studies.

Oct 2025 – Present

CTO / Interim CEO
GlobalHub, a BYU Marriott platform — Provo, UT

- Built and deployed the production React frontend serving 10,000+ users on AWS (EC2, S3, Elastic Beanstalk) with Docker.
- Led a cross-functional Scrum team to the AOM Copenhagen conference release; adoption grew 40% month over month in the period after launch.
- Stepped from CTO to Interim CEO after a leadership restructuring, owning stakeholder communication and the product roadmap.

Apr 2025 – Aug 2025

Volunteer Representative
The Church of Jesus Christ of Latter-day Saints — Manaus, Brazil

- Directed and trained 100+ volunteers across 4 regions in fluent Portuguese; raised regional outreach KPIs 20% through Excel workflow automation.

Feb 2022 – Feb 2024

PROJECTS

KPMG-Sponsored INTEX — 4th Place Overall
IS Coursework — Provo, UT

- Built the PostgreSQL schema and the Tableau dashboards for a full-stack AWS application serving Ella Rises, a non-profit supporting Latina young women in STEAM; team placed 4th of 40+.

Apr 2026

Bonfire INTEX — Full-Stack and ML
BYU Case Competition — live at bonfiresanctuary.org

- Shipped 5+ integrated components in one monorepo under competition deadline: a C#/ .NET API, a React and TypeScript frontend, PostgreSQL, Tableau dashboards, and a Jupyter ML pipeline.

Dec 2025
